RESIDENT SELECTION CRITERIA FOR AFFORDABLE HOUSING

Welcome to our community. Before you apply to rent an apartment home in our community, please take the time to review this screening policy. All persons 18 years of age or older will be required to complete separate rental applications. The term “applicant(s)” under this policy means the person or persons that will be signing the Lease as “residents”; the term “occupant(s)” in this policy means the person or persons that are authorized occupants under the Lease.

Please also note that these are our current rental criteria; nothing contained in these requirements shall constitute a guarantee or representation by us that all residents and occupants currently residing in the community have met these requirements. There may be residents and occupants that have resided in the community prior to these requirements going into effect; additionally, our ability to verify whether these requirements have been met is limited to the information we receive from the various resident credit-reporting services used. It is the policy of this community to comply with all applicable fair housing laws including those which prohibit discrimination against any person based on race, sex, religion, color, familial status, national origin or handicap/disability, marital status, age, ancestry, sexual orientation, medical condition, gender, gender identity, gender expression, genetic information, source of income, and arbitrary personal characteristic, perception, association, or any other protected classification under federal, state or local law.

At least one visitor per group must present a valid government or state issued ID in order to tour the community. All adult applicants must provide a valid government or state issued photo ID at the time of move in.

This community is income restricted. Notwithstanding anything to the contrary, applicants and occupants must meet all of the qualifying requirements of the affordable housing programs. Maximum calculated gross income of the household may not exceed the maximum income limits for the property’s program. Please speak with a management representative for specific information regarding income limits. A resident’s income cannot exceed the property’s program restrictions of the area median income as published by the U.S. Department of HUD. Should an applicant(s), dispose of income, assets or student status during the application process which would have led the household to disqualification, the file will be denied.

1. **Student Status** – Pursuant to affordable housing programs, to the extent applicable, we cannot approve an application in which all occupants of a household will be full time students, unless they qualify under the affordable housing guidelines. Please see one of our management agents for student qualifications.
2. **Application** – Applications for residency will automatically be denied for the following reasons:
 - a. Falsification or misrepresentation of information on the application

 - d. Failed to meet the credit model requirements

If the financial scenario of a household changes after application, but prior to occupancy in a way to affect the household’s ability to pay rent or renders the household now overqualified for the program(s) on the property, this may cause the denial of the application.
 - j. If applicant(s) is denied, you will be informed in writing and will not be allowed to re-apply or be added to the waitlist for at least 120 days.
 - k. Application must be completed in its entirety. Incomplete applications cannot be processed and are subject to denial.

Maximum allowable income for Federal and governmental regulated programs at this community will be determined and based on HUD guidelines. Income is based on annual gross income and includes income from assets. Third party verification will be required for income and assets. Assets and the unearned income of anyone under the age of 18 will be counted towards the total household annual gross income. All income and assets currently being received as well as anticipated to be received in the next 12 months following certification must be disclosed and verified for eligibility within the affordable housing program. 10. **Credit** – A credit report will be completed on all applicants to verify account credit ratings. The results will be entered into the credit-scoring model, which determines applicant's eligibility to pay rent and security deposit level.

All decisions for residency are based on a system which considers credit history, rent history, income qualifications, and employment history. Unauthorized occupants are not permissible and may result in the termination of a lease agreement. Household constituency changes must be communicated to management and approved of prior to habitation.
